

Priya Sharma
Data Analyst | Bengaluru, India | priya.sharma@example.com

SUMMARY

Analytical data professional with experience building dashboards, SQL pipelines and predictive models for e-commerce teams. Strong communication and cross-functional collaboration.

EXPERIENCE

Data Analyst, ShopKart Pvt Ltd Jun 2020 - Present

- Wrote complex SQL queries on PostgreSQL and MySQL to analyse customer behaviour.
- Built Python (pandas, NumPy, matplotlib) scripts to automate weekly reporting.
- Trained scikit-learn models (logistic regression, random forest) for churn prediction.
- Created Tableau and Excel dashboards used by 40+ stakeholders.
- Ran A/B testing and hypothesis testing for pricing experiments.

Junior Analyst, DataWorks Jul 2018 - May 2020

- Cleaned and transformed data with Python and SQL; supported ETL jobs.
- Used Git and GitHub for version control; presented insights to leadership.

SKILLS

Python, SQL, pandas, NumPy, scikit-learn, Tableau, Excel, Statistics, Git, Data Visualization

EDUCATION

B.Tech in Computer Science, 2014 - 2018
